

TECHNOLOGY UPDATE **ARE YOU TALKING TO ME?** *Zebra Readers and Printers*

Easily communicate to your Zebra readers and printer with the Rockwell Automation Logix platform.

Learn how easy it is to communicate over EtherNet/IP to your Zebra readers and printers. During this session, we will demonstrate how to set up communications from a CompactLogix processor to a Zebra DS36X8 reader/EA3600 gateway and a Zebra printer with the Network Connect firmware. We'll also showcase how to enter a value, print a label with that information, read the code on the label and display that information on an HMI using a PanelView 5000.

SESSION TOPICS

- Zebra DS36X8
- Zebra EA3600
- Network Connect firmware
- Communicating from a CompactLogix processor
- Label printing and code reading using a PanelView 5000

EVENT DETAILS:

Holland, MI April 11, 2023
11581 Greenway Drive, Holland, MI

Grand Rapids, MI April 13 2023
3838 Clay Ave SW, Grand Rapids, MI

12:00pm - 1:30pm
Lunch provided.

Following the session, our automation team will be available to discuss any application-specific questions you have and provide real-time answers.
